Heritage Events

norfolk island

NORFOLK ISLAND and its bowlers.

Norfolk is an external territory of Australia with a fascinating history marked by romance, adventure, discovery, darkness and light. Its regional history is uniquely marked by its place on the great Polynesian migration route and the discovery track of the great navigator Capt. James Cook; the infamy and gloom as a remote British penal colony and the promise of survival at the end of a long journey by the descendants of the Bounty mutineers. The Islanders are great sports-persons with fierce and competitive bowlers who lie in wait at their clubhouse for the Aussies and Kiwis to challenge them at their games. They are good losers (which is not a regular occurrence) and will accept your commiserations in return for a beer. Join them at the bowlo situated in the heart of the business district well within walking distance of most accommodation and retail outlets. Norfolk's weather is year-round balmy and sub-tropical and lends itself to outdoor sports. The February South Pacific Pairs is a growing event in the shadow of the high-season hubbub timed to keep prices low and enthusiasm high. Relax at summers end in balmy 24 degree warmth and over 7 hours of sunshine. The only things that beat the weather are the bowls, the friendliness and the value offered by Heritage Events. This is a 6-day open pairs event attracting visitors from the Australian mainland and New Zealand. Women can line up to the men...often with alarming outcomes. Bounty Bowls It's early May now the end of Spring and the weather remains, well....pretty springy. We beat Auckland and Sydney with 6 hours of sunshine and a temperature which moves only 5 degrees during the day to a very desirable 21 degrees high. If you want warmer...sure you've got Brisbane but we've got the singularly prestigious bowls event of the calendar, possibly the region. The Bounty Bowls, now a mixed fours event, has been contested for 53 years and is as popular as ever. Now supported by stronger sponsorship and an increased ability to award attractive prizes with a minimum prize pool of upwards of some \$9000 overall. The main competition, the Bounty, is followed by a secondary event offering a further opportunity for putting your name up on the bowlo wall. So now we've got winter and the August TAB Triples but we're still in our shirt sleeves....well, during the 7 hours of sunshine anyway. In the night the temp will drop by an average 5 degrees but still a darn site better than Sydney, Brisbane or Auckland and anyway the temp fall will not matter because you'll be in the clubhouse enjoying the conviviality of locals and fellow travellers; some who've returned numerous times for more. This is a long-standing popular event which has had the backing of the local TAB over some 9 years. It caters for men and ladies teams with a minimum of 5 qualifying rounds over 15 ends. It is a great leveller of the Kiwis, the Aussies and the Norfolk Islanders.

"We didn't regret our decision to book a package holiday on Norfolk Island with Heritage Events. The particular blend of Bounty Bowls and guided tours that was offered is a winner". Barry Finlay Northern Beaches Bowls Club, Mackay Queensland, May 2015.

Terms and Conditions for booking with Heritage Events (HE)

Advertised prices are based on existing conditions including currency exchange rates applying at the time of publication and unless stipulated elsewhere are subject to change without notice. HE's policy is to avoid price change as far as possible and to pass on any reduction in component costs. Confirmation of bookings cannot occur until a non-refundable deposit of A\$150.00 (per person) is made. Final payment must be made within 3 months of proposed travel. Currently there are no expected increases in the airfare component however unexpected factors may impact on these costs. An air travel ticket is generally non-refundable after issue however changes are permitted in certain circumstances right up to the day before you travel; however it then gets a bit sticky. Date and route changes cannot be made within 7 days of your originally intended travel dates nor are amendments, upgrades and name changes normally permitted within 24 hours prior to departure. Any fees arising in these circumstances are the responsibility of the traveller. Additionally fees may apply where cancellation of organised accommodation or other components of your travel package occur within 90 days of travel and can be as high as 100% of costs if cancellation occurs within 60 days. HE is unable to offer any protection against penalties of whatever form arising from cancellation of your entire travel package or part thereof. HE urge clients to undertake suitable travel insurance. Payment can be made in one of the usual ways; by direct bank deposit, by credit card (normal surcharges will apply) or you can send us a bank cheque at PO Box 171 Norfolk Island. We can work out the detail by email. Any advertised bonuses, awards or promotions are secured only on payment of the deposit required to confirm a booking. Meal vouchers supplied as part of package are recoverable at Mariah's Ocean View Restaurant and are non-transferable. They can be used throughout the period of a bowls event, only to the benefit only of the holder. They cease to have any value upon departure of the holder from Norfolk Island. The Bounty Fours Sponsorship prize of AU\$1500 is also subject to special conditions. The quantum of each prize will be available to prize winners as a deduction from the total cost of a travel package purchased from Heritage Events for subsequent travel to Norfolk Island and staying at Heritage Hill Resort. Eligibility is open to those players who have purchased a travel package through Heritage Events. Two thirds of advertised prize value is available for equal distribution among a first-placed Bounty Fours Team and one third available for equal distribution among a second-placed Bounty Fours Team. Subject to the following a prize share is not transferable. In the event of a 1st or 2nd-placed team being partly comprised of persons residing ordinarily in Norfolk Island and partly of eligible HE clients those persons residing ordinarily in Norfolk Island retain the ability to dispose of their prize share at 50% of face value. There are no other circumstances whereby any eligibility under these arrangements will accrue to a person residing ordinarily in Norfolk Island. No argument will be entered into about any aspect of this sponsor's prize or its distribution.
